1. Introduction

The Monthly Statement Guide provides a concise user guide to your monthly statement.

Each month, you will receive a monthly statement by e-mail which will contain details of your trading activity and any profits and losses that you have made.

This Guide is designed to assist you in accessing and understanding the monthly statements.

If you have any questions or queries regarding the monthly statement, visit our website or contact our customer service desk.

2. Accessing Your Statement

You will receive your monthly statement via e-mail each month and, in addition, you can access your monthly statement (and previous monthly statements) via the Saturn Trader.

1. Via Email

You will receive a copy of your monthly statement by email each month. The monthly statement is created in PDF format and is sent as an attachment to the email address which you have provided in your account opening form.

The monthly statement will display details of the trade activities that you conducted in the previous month, together with any other trades that remain open, and will be sent to you after 22.00 London Time on the last business day of the month.

If you do not receive a monthly statement, please do not hesitate to contact our Customer Service Desk.

2. Via The Trading Platform

You may also retrieve your monthly statements from the Trading Platform

i. Log into Saturn trader

ii. Click on the Account tab and click on the statement icon

CF		SGD			(3,812.00)

Currency Ledgers show the summary of all receipts and payments in their base currencies. These transactions include any profits or losses, interest receivable or payable, dividend receivable, commission payable and tax on commission payable (if applicable). You will see multiple currency ledgers if you trade products which are denominated in different currencies. All currency ledgers will be returned to zero at the end of the month and the balance will be converted into your account base currency.

Row	Description
Date	The date of the statement.
Description	The description of each transaction.
Currency	The base currency of the transaction.
Debit	All withdrawals within the previous month.
Credit	All receipts within the previous month.
Balance	The balance after the total withdrawals and receipts.

7. Account Summary

The Account Summary shows the amount generated from different sections such as Commission paid, Mark to Market Credit/Debit etc. The Total Equity is the summation of all the balance from these sections.

ACCOUNT SUMMARY	USD Equivalent
